 DIVISION OUTCOMES	Students, parents, and staff know, model and witness Jesus Christ, through furthering a culture of evangelization, faith formation, and vocation within our schools.	Students develop as citizens who enact our Gospel values, as they engage intellectually and grow continuously as learners and believers.	From within a community of faith, students excel when resources are prudently managed and distributed equitably, so that diversity is embraced and a sense of belonging and safety are fostered.	Students experience excellence in Catholic teachings and learning when staff are models and witnesses of faith and demonstrate their respective professional practice standards (TQS, LQS, SLQS).	Students succeed when stewardship of system resources are based on a spirituality of communion and generative community engagement, transparency, and accountability that is responsive to local and societal contexts.
